Centre specific introduction

PiPeLine Productions Academies LTD is an alternative education provider which oversees alternative provision in two centres, one based in Bradford and one based in Keighley. The provisions are small specialist centres with around 23 pupils at each provision and a total of around 14 staff across both provisions. We are a NCFE registered centre delivering mainly VCERT qualifications. We support schools with GCSE Maths, English Literature and English Language, and occasionally Science but referring schools retain responsibility for these qualifications. Consequently, when determining Teacher Assessed Grades, our policy is the first reference point in determining these grades, but the policy of the referring school supersedes it. Different schools adopt varying approaches to their TAGs with some schools choosing to fully accept and use our assessments and others choosing to use our assessments in part, working them into their own methodologies. Within our provisions, we have a very small staff structure with terms and role names varying from what would be found normally within a mainstream school.

Any necessary variations for individual students will also be recorded.*
- *securely store and be able to retrieve sufficient evidence to justify their decisions.*

Head of Centre as Senior Examinations Officer

Our Senior Examinations Officer (who is also our Head of Centre) will:

- *be responsible for the administration of our final teacher assessed grades and for managing the post-results services.*

Training, support and guidance

This section of our Centre Policy outlines the training, support and guidance that our centre will provide to those determining teacher assessed grades this year.

Training

This section provides details of the approach our centre will take to *training, support and guidance in determining teacher assessed grades this year*

- *Deliverers involved in determining grades in our centre will attend any centre-based training to help achieve consistency and fairness to all students.*
- *Deliverers will engage fully with all training and support that has been provided by the Joint Council for Qualifications and the awarding organisations.*

Support for deliverers less familiar with assessment

This section provides details of our approach to *training, support and guidance for newly qualified teachers and teachers less familiar with assessment*

- *We will put in place additional internal reviews of teacher assessed grades for inexperienced deliverers and other staff as appropriate.*

Use of appropriate evidence

This section of our Centre Policy indicates how our centre will give due regard to the section in the JCQ guidance entitled: *Guidance on grading for teachers*.

Use of evidence

This section gives details in relation to our use of evidence.

- *Deliverers making judgements will have regard to the Ofqual Head of Centre guidance on recommended evidence, and further guidance provided by awarding organisations such as NCFE.*
- *All candidate evidence used to determine teacher assessed grades, and associated documentation, will be retained and made available for the purposes of external quality assurance and appeals.*
- *We will be using student work produced in response to assessment materials provided by our awarding organisation(s), including groups of questions, past papers or similar materials such as practice or sample papers.*
- *We will use non-exam assessment work (often referred to as coursework), even if this has not been fully completed.*
- *We will use student work produced in centre-devised tasks that reflect the specification, that follow the same format as awarding organisation materials, and have been marked in a way that reflects awarding organisation mark schemes.*
- *We will use substantial class or homework (including work that took place during remote learning).*
- *We will use internal tests taken by pupils.*
- *We will use mock exams taken over the course of study.*
- *We will use records of a student's capability and performance over the course of study in performance-based subjects such as Music Technology and Health & Fitness.*

We provide further detail in the following areas:

Additional Assessment Materials

- *We will use additional assessment materials to give students the opportunity to show what they know, understand or can do in an area of content that has been taught but not yet assessed.*
- *We will use additional assessment materials to give students an opportunity to show improvement, for example, to validate or replace an existing piece of evidence.*
- *We will use additional assessment materials to support consistency of judgement between deliverers or groups by giving everyone the same task to complete.*
- *We will combine and/or remove elements of questions where, for example, a multi-part question includes a part which focuses on an element of the specification that hasn't been taught.*

PiPeLine provisions will ensure the appropriateness of evidence and balance of evidence in arriving at grades in the following ways:

- We will consider the level of control under which an assessment was completed, for example, whether the evidence was produced under high control and under supervision or at home.
- We will ensure that we are able to authenticate the work as the student's own, especially where that work was not completed within or provisions.
- We will consider the limitations of assessing a student's performance when using assessments that have been completed more than once, or drafted and redrafted, where this is not a skill being assessed.
- We will consider the specification and assessment objective coverage of the assessment.
- We will consider the depth and breadth of knowledge, understanding and skills assessed, especially higher order skills within individual assessments.

Determining teacher assessed grades

This section of our Centre Policy outlines the approach our centre will take to awarding teacher assessed grades.

Awarding teacher assessed grades based on evidence

We give details here of our centre's approach to awarding teacher assessed grades.

- Our deliverers will determine grades based on evidence which is commensurate with the standard at which a student is performing, i.e. their demonstrated knowledge, understanding and skills across the content of the course they have been taught.
- Our deliverers will record how the evidence was used to arrive at a fair and objective grade, which is free from bias.
- Our deliverers will produce an Assessment Record for each subject cohort and will share this with our Head of Centre. Any necessary variations for individual students will also be shared.

Internal quality assurance

This section of our Centre Policy outlines the approach our centre will take to ensure internal standardisation of teacher assessed grades, to ensure consistency, fairness and objectivity of decisions.

Head of Centre Internal Quality Assurance and Declaration

Internal quality assurance

This section gives details of our approach to internal standardisation, within and across subjects.

- *We will ensure that all staff involved in deriving teacher assessed grades read and understand this Centre Policy document.*
- *In subjects where there is more than one deliverer, we will ensure that our centre carries out an internal standardisation process.*
- *We will ensure that all staff are provided with training and support to ensure they take a consistent approach to:*
 - *Arriving at teacher assessed grades*
 - *Marking of evidence*
 - *Reaching a holistic grading decision*
 - *Applying the use of grading support and documentation*
- *We will conduct internal standardisation across all grades which we do as standard for NCFE qualifications anyway.*
- *We will ensure that the Assessment Record will form the basis of internal standardisation and discussions across deliverers to agree the awarding of teacher assessed grades.*
- *Where necessary, we will review and reflect on individual grading decisions to ensure alignment with the standards as outlined by our awarding organisation(s).*
- *Where appropriate, we will amend individual grade decisions to ensure alignment with the standards as outlined by our awarding organisation(s).*
- *Where there is only one deliverer involved in marking assessments and determining grades, then the output of this activity will be reviewed by our Head of Centre:*
 - *Joanne McGill*
- *In respect of equality legislation, we will consider the range of evidence for students of different protected characteristics that are included in our internal standardisation.*

Comparison of teacher assessed grades to results for previous cohorts

This section of our Centre Policy outlines the approach we will take to compare our teacher assessed grades in 2021 with results from previous cohorts.

Comparison of Teacher Assessed Grades to results for previous cohorts

This section gives details of our internal process to ensure a comparison of teacher assessed grades at qualification level to results for previous cohorts in our centre taking the same qualification.

- We will compile information on the grades awarded to our students in past June series in which exams took place (e.g. 2017 - 2019).
- We will consider the size of our cohort from year to year.
- We will consider the stability of our centre's overall grade outcomes from year to year.
- We will consider both subject and centre level variation in our outcomes during the internal quality assurance process.
- We will prepare a succinct narrative on the outcomes of the review against historic data which, in the event of significant divergence from the qualifications-levels profiles attained in previous examined years, which address the reasons for this divergence. This commentary will be available for subsequent review during the QA process.

This section gives details of the approach we will follow if our initial teacher assessed grades for a qualification are viewed as overly lenient or harsh compared to results in previous years.

- We will compile historical data giving appropriate regard to potential mixtures of P-D*, A*-G and 9-1 grades in GCSEs and NCFE qualifications. Where required, we will use the Ofqual guidance to convert legacy grades into the new 9 to 1 scale.
- We will bring together other data sources that will help to quality assure the grades we intend to award in 2021.

This section gives details of changes in our cohorts that need to be reflected in our comparisons.

- We will omit subjects that we no longer offer from the historical data.
- We will consider the increasing experience and ability of our staff to deliver qualification materials.
- We will consider novel approaches to material delivery (such as remote learning) and how the absence of this may have impacted previous cohorts along with how its presence may have impacted our current cohort.
- We will consider the mental and emotional dimensions imposed upon vulnerable pupils during a novel global challenge.

Access Arrangements and Special Considerations

This section of our Centre Policy outlines the approach our centre will take to provide students with appropriate access arrangements and take into account mitigating circumstances in particular instances.

Reasonable adjustments and mitigating circumstances (special consideration)

This section gives details of our approach to access arrangements and mitigating circumstances (special consideration).

- *Where students have agreed access arrangements or reasonable adjustments (for example a reader or scribe) we will make every effort to ensure that these arrangements are in place when assessments are being taken.*
- *Where an assessment has taken place without an agreed reasonable adjustment or access arrangement, we will remove that assessment from the basket of evidence and alternative evidence obtained.*
- *Where illness or other personal circumstances might have affected performance in assessments used in determining a student's standard of performance, we will take account of this when making judgements.*
- *We will record, as part of the Assessment Record, how we have incorporated any necessary variations to take account of the impact of illness or personal circumstances on the performance of individual students in assessments.*
- *To ensure consistency in the application of Special Consideration, we will ensure all teachers have read and understood the document: [JCQ – A guide to the special consideration process, with effect from 1 September 2020](#)*

Addressing disruption/differential lost learning (DLL)

Addressing Disruption/Differentiated Lost Learning (DLL)

This section gives details of our approach to addressing disruption or differentiated lost teaching.

- Teacher assessed grades will be determined based on evidence of the content that has been taught and assessed for each student.

Objectivity

This section of our Centre Policy outlines the arrangements in place to ensure objectivity of decisions.

Objectivity

This section gives a summary of the arrangements in place within our centre in relation to objectivity.

Staff will fulfil their duties and responsibilities in relation to relevant equality and disability legislation.

Senior staff and the Head of Centre will consider:

- *sources of unfairness and bias (situations/contexts, difficulty, presentation and format, language, conditions for assessment, marker preconceptions);*
- *how to minimise bias in questions, marking, and hidden forms of bias;*
- *bias in teacher assessed grades.*

To ensure objectivity, all staff involved in determining teacher assessed grades will be made aware that:

- *unconscious bias can skew judgements;*
- *the evidence presented should be valued for its own merit as an indication of performance and attainment;*
- *teacher assessed grades should not be influenced by candidates' positive or challenging personal circumstances, character, behaviour, appearance, socio-economic background, or protected characteristics;*
- *unconscious bias is more likely to occur when quick opinions are formed.*

Our internal standardisation process will help to ensure that there are different perspectives to the quality assurance process.

Recording decisions and retention of evidence and data

This section of our Centre Policy outlines our arrangements to recording decisions and to retaining evidence and data.

Recording Decisions and Retention of Evidence and Data

This section outlines our approach to recording decisions and retaining evidence and data.

- *We will ensure that deliverers maintain records that show how the teacher assessed grades process operated, including the rationale for decisions in relation to individual marks/grades.*
- *We will ensure that evidence is maintained across a variety of tasks to develop a holistic view of each student's demonstrated knowledge, understanding and skills in the areas of content taught.*
- *We will put in place recording requirements for the various stages of the process to ensure the accurate and secure retention of the evidence used to make decisions.*
- *We will comply with our obligations regarding data protection legislation.*
- *We will ensure that the grades accurately reflect the evidence submitted.*
- *We will ensure that evidence is retained electronically or on paper in a secure centre-based system that can be readily shared with our awarding organisation(s).*

Authenticating evidence

Authenticating evidence

This section of our Centre Policy details the mechanisms in place to ensure that staff are confident in the authenticity of evidence, and the process for dealing with cases where evidence is not thought to be authentic.

- *Robust mechanisms, which will include comparative analysis of style, form, and language will be in place to ensure that teachers are confident that work used as evidence is the students' own and that no inappropriate levels of support have been given to students to complete it, either within the centre or with external tutors.*
- *Use of a confidence grading system where questions arise around the level of support provided but without sufficient evidence to declare the level inappropriate or the work inadmissible.*
- *It is understood that awarding organisations will investigate instances where it appears evidence is not authentic. We will follow all guidance provided by awarding organisations to support these determinations of authenticity.*

Confidentiality, malpractice and conflicts of interest

Confidentiality

This section of our Centre Policy outlines the measures in place to ensure the confidentiality of the grades our centres determine, and to make students aware of the range of evidence on which those grades will be based.

A. Confidentiality

Conflicts of Interest

This section of our Centre Policy outlines the measures in place to address potential conflicts of interest.

C. Conflicts of Interest

This section details our approach to addressing conflicts of interest, and how we will respond to such allegations.

- To protect the integrity of assessments, all staff involved in the determination of grades must declare any conflict of interest such as relationships with students to our Head of Centre for further consideration.
- Our Head of Centre will take appropriate action to manage any conflicts of interest arising with centre staff in accordance with the JCQ documents - [General Regulations for Approved Centres, 1 September 2020 to 31 August 2021](#).
- We will also carefully consider the need to separate duties and personnel to ensure fairness in later process reviews and appeals.
